Report on One-Day Interactive Talk Program

Program: Cancer Awareness Program to all Basic Science 1st year

Participants: All Basic Science 1st year student

Academic year: -2082/2083

Title: "You are Key to Prevent Cancer"

Date of Program: 2082/12/01

Resource Person: Mr Bishnu Rayamajhi, MS, Ph.D., Senior Scientist, Merck & Co., Inc., Elkton, Virginia, USA

Introduction

A one-day interactive talk program titled "*You are Key to Prevent Cancer*" was successfully conducted with the aim of raising awareness among students about cancer prevention and the importance of scientific knowledge in daily life. The session was led by Mr. Bishnu Rayamajhi, MS, Ph.D., Senior Scientist, Merck & Co., Inc., Elkton, Virginia, USA.

Objective

The primary objective of this program was to educate participants about cancer prevention, with particular emphasis on HPV-related cancers, and to provide practical knowledge that can be applied in daily life.

Program Overview

The program commenced with a warm welcome and introductory remarks from **the Principal, Ms. Sajana Vaidya**, who formally welcomed Mr. Bishnu Rayamajhi and expressed appreciation for his presence and guidance.

Following the welcome, Bishnu Sir conducted the main session, delivering a detailed and interactive lecture on:

1. Cancer and its prevention

2. HPV-related cancers and high-risk HPV types
3. Identification and diagnosis of HPV infection
4. Treatment options for HPV infection
5. Available vaccines for HPV prevention and required dosing schedules
6. Information on one of the leading immunotherapy drugs, Keytruda, used in cancer treatment

The session was highly engaging and provided students with valuable knowledge on the importance of scientific education and practical measures to prevent cancer in daily life.

At the conclusion of the program, the **Principal** ma'am presented **Bishnu Sir** with a token of appreciation (Token of Love) and expressed gratitude for his valuable time and knowledge. She also **acknowledged Mr. Jeevan Gurung** sir for his coordination in successfully conducting the program. Students were also thanked for their active participation and attentive listening.

Conclusion

The interactive session successfully delivered essential knowledge about cancer, HPV infection, vaccines, and treatment options. Such programs are essential for promoting health awareness and the practical application of scientific knowledge.

Acknowledgement

The organizing team expresses sincere gratitude to Mr. Bishnu Rayamajhi for his valuable time and insightful session and to Mr. Jeevan Gurung for his coordination. Special thanks to all participating students for their active involvement
